

8th Grade Students and Parents,

MJUSD is currently in the process of recruiting for the Early College Program. The program is a collaboration between Yuba College and Marysville Joint Unified School District (MJUSD). Students who successfully complete this program will earn an Associate of Science (A.S.) in Social and Behavioral Science in addition to their high school diploma during their four years at MJUSD. While this is an exciting opportunity, it is also a challenging program that requires dedication from students and families. We are hosting a series of in person and zoom informational sessions to allow you to learn more about the program and get your questions answered.
