Parent ELPAC Score Results

If available, label may be placed here.

School: _____ Date: _____

Phone Number: _____

Dear Parent(s) and/or Guardian(s) of Student: _____

State and Federal laws require all school districts in California to give a state test each year to every student whose home language is not English. The name of the test is the English Language Proficiency Assessments for California (ELPAC). Its purpose is to determine how well each student tested can listen, speak, read, and write in English. Your student has been given the ELPAC test and the recent score results are attached. This information is a guide to your child's current instructional program.

A summative assessment and placement, using these results, and other academic criteria, will be provided for your student before the end of the school year. You are encouraged to actively participate in your child's education and his/her development of English language skills.

Sincerely,

Principal _____
